Brazil has a population of 2,400 according to a new census.

Two or three good sugar days this week.

Plenty of snow this week, but too damp for good sleighing.

Charles O'Connor is named for the Presidency by the Cincinnati Committee.

One of the best political motives of the times is: "Office-holders to the rear; taxpayers to the front."

It was so warm one day this week that one of our public schools was without fire in the room.

Preaching.—Rev. N. E. Boring will preach in the Protestant church in Jasper, on Sunday, Jan. 21st, 1872, at 11 o'clock, A. M. The public are invited.

Mr. Hochgesang is delivering a tract at Mr. Lampert's, for the purpose of putting a second story on his brick house.

Sheriff Herbig started to Indianapolis last Monday, with Charles Heidrich, an insane person from Patoka Tp., to be admitted to the State Asylum.

Prosecutor Schafer returned from Perry county court—rather sooner than usual this week. What's the matter? Is it an answer or demurrer to his suit there which hastened him to his bachelor retreat? Don't get Huffy too quick.

The Treasurer of the Dubois county Agricultural Society requests us to notify the stockholders who have not yet paid up their assessments, to call at the Drug Store in Jasper, and pay the money, as it is needed in making arrangements for improving the ground.

A young man, whose name we did not learn, living in the western portion of Patoka township, fell from a loft on a box the two weeks or so ago, and cut his leg severely. Dr. DeWitt dressed the wound, but inflammation set in, and the leg was amputated by Drs. McMahon & DeWitt on Tuesday last.

Good Luck.—Mr. Johnson of Harbison township, had extremely good luck last week. His wife presented him with a bouncing boy, weighing twelve and a half pounds, and he killed two deer, the sad lot of one of which weighed fifty pounds. Not often so much good luck comes together.

The School Festival.—This beautiful little Quarterly Magazine, devoted to new and sparkling matter for School Exhibitions and public days, is received for January. No teacher or pupil should be without it. It costs only fifty cents a year; single copy, fifteen cents. Write for it, to Alfred L. Sewell, Publisher, Chicago, Ill. Send your subscriptions now and you will not regret it.

The sale of lots in Blecker's addition to Huntington, on Wednesday was a great success. It was well attended, and all the lots offered were sold, at prices averaging from \$50 to \$100 for lots 50 feet by 140. Some lots brought very good prices, running up to over \$200. About 50 were sold.

We understand that Messrs. Fisher and McMahon intend shortly laying out their beautiful ground adjoining Blecker's addition, into lots, and making another addition to the town.

Pine Coal.—Mr. Jos. Jerger, in digging a well last week, at his new residence in the north west part of town, after going down 27 feet came to rock, which was drilled through, being but a few inches thick, and found to be underlain by an excellent quality of coal, which was drilled into four and a half feet, without getting through the vein. It is intended, as soon as the weather clears up, to drill through the seam, and find how thick it is, and possibly open it for working, though its nearer to his fine new house, than Mr. Jerger wants a coal bank.

Die.—On yesterday, Jan. 18th, Mr. JOSEPH BROSEMER, aged something over 70 years. Mr. Brosemer was taken sick so as to be confined to his bed only a few days before his death. His wife died only three or four weeks previously, and his bereavement tended to weaken an already frail constitution. For many years Mr. B. was an active citizen of our town, and engaged in merchandizing several times. He acquired a competence sufficient to supply his few wants, and retired from active business, following his trade of manufacturing brooms when he felt like it, to keep off ennui, and put in time that might otherwise drag heavily. He was a good broom maker, and in the main a good citizen.

Examine well the label on each bottle. If my private stamp is not on each bottle do not purchase, or you will be deceived. See my column advertisement, and my show card. THE PUBLIC'S SERVANT,
DR. JOHN BULL,

BURLINGTON.

Leaving the East and arriving at Chicago or Indianapolis, how shall we reach the West? The best line is acknowledged to be the C. & B. & Q. joined together with the B. & M. Railroad by the Iron Bridge at Burlington, and called the Burlington Route.

The main line of the Route running to Omaha, connects with the great Pacific Road, and forms to-day the leading route to California. The Middle Branch, entering Nebraska at Plattsmouth, passes through Lincoln, the State Capital, and will this year be finished to Fort Kearney, forming the shortest route across the Continent by over 100 miles.

Another branch of the B. & M., diverging at Red Oak, falls into a line running down the Missouri through St. Joe to Kansas City, and all Kansas. Passengers by this route to Kansas, see Illinois, Southern Iowa, and Missouri, and by a slight divergence, can see Nebraska also.

Lovers of fine views should remember the Burlington Route, for its towns "high gleaming from afar"—its tree-fringed streams—its rough bluffs and quarries—its corn-oceans stretching over the prairie further than eye can reach.

Land-buyers will be sure to remember it, for they have friends among the two thousand who have already bought farms from Geo. S. Harris, the Land Commissioner of the B. & M. R. R. at Burlington, Iowa, or among the four thousand home-seekers and pre-emptors who last year filed claims in the Lincoln land office, where "Uncle Sam is rich enough to give us all a farm."

To Live Men in Dubois County.

We are desirous of publishing a paper which will advance the interests of the county in every way, and to that end request your assistance. We want you to furnish any items which you think will be of interest in your locality, any local events of interest happening, we would be glad to hear of,—also any discoveries of minerals, or other articles. Remember, we cannot be everywhere at the same time, and if you want a really good paper, you can help make it so, and at the same time bring your locality into public notice. Short communications are invited upon any subject, and for those who have not been accustomed to writing for the public, we will cheerfully correct any errors their manuscript may contain. Send along the items.

But something else I've got to say, Do not forget me in the pay. Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of spermatorrhea, or seminal emission, involuntary Seminal Losses, Nervous Exhaustion, and all the ills which result therefrom.

Physical Incapacity, Impediments to Marriage, etc., also, Consumption, Febrile, and other diseases may be radically cured without the danger of internal medicine, or the application of the knife; pointing out a mode of cure as simple, certain, and effectual, by means of which every sufferer, in whatever state his condition may be, may cure himself cheaply, privately, and radically.
